KEY SKILLS

Languages & Technologies:

Proficient in

Ruby, Rails, JavaScript, TypeScript, Node, React, Vue, PHP, Python, Java, C(++), SQL, NoSQL, (S)CSS.

Experience with

Git, AWS, Azure, Google Cloud, Scrum, Jira, Unix/Linux, LAMP stacks, MEAN stacks, Android, iOS.

Soft Skills

Project Management

Team Leadership

Critical Thinking

Problem solving

Creativity

Curiosity

Adaptability

Communication

Teamwork

Patience

Open-mindedness

Lifelong learning

PRIOR WORK EXPERIENCE

number8

Jan. 2021 - Present

Senior Software Engineer

- Full stack Development
- Software Design
- Data Engineering
- Database Administration

- Code Review
- Debugging
- Algorithm Design
- Mentoring

BairesDev

Apr. 2021 – Apr. 2023

Senior Software Engineer
(Part-time)

- Full stack Development
- Software Design
- Data Engineering
- Database Administration

- Code Review
- Debugging
- Algorithm Design
- Mentoring

Coinspre

Oct. 2020 – Apr. 2021

Senior Software Architect

- Software Design
- Backend Development
- Data Engineering
- Database Administration

- Team Leader
- Code Review
- Algorithm Design
- API development

Vikua

Sep. 2019 – Oct. 2020

Senior Software Architect

- Software Design
- Full stack Development
- Data Engineering
- Database Administration

- Team Leader
- Code Review
- Algorithm Design
- QA

Waraira Consulting Group

Jan. 2019 – Sep. 2019

Senior Software Engineer

- Project Management
- Team Leader
- Algorithm Design
- Code Review

- System Administration
- Full stack Development
- Cybersecurity
- QA

SmartHop

Sep. 2016 – 2019

Senior Software Engineer

- Project Management
- Team Leader
- Full stack Development
- Data Engineering

- Algorithm Design
- System Administration
- Cybersecurity
- Code Review

Mobile Media

Sep. 2014 – Aug. 2018
Software Developer

- QA and Debugger
- App Development
- Full stack Development
- Data Engineering
- Web Design
- System Administration
- Code Review
- Algorithm Design

INSUCOMP

2009
Technical repair/service.
Network specialist.
(Internship)

- Technical service of desktops, laptops, phones, printers
- Installation and management of LAN, MAN, and WAN networks
- Network security for small and medium companies

EDUCATION

Central University of Venezuela

2012 – 2017

Bachelor's degree in computer science with GPA of 4.75 / 5.0 & efficiency of 1.0 / 1.0

Relevant Course Work:

Algorithms	Data Structures
Artificial Intelligence	Discrete Mathematics
Machine Learning	Probability & Statistics in Data Science
Data Mining	Linear Algebra & Differential Equations
Computer Architecture	Multivariable Calculus

Simon Bolivar University

2009 – 2012 (Dropped out)

Materials Engineer 3 years approved with a GPA of 4.92 / 5.0

Relevant Coursework: Calculus, Statistics.

ADDITIONAL INFORMATION

Two times winner of coding marathons in the UCV with 300+ participants (years 2012 & 2013)
Avid basketballer, boxer, Pianist and Barista by the Specialty Coffee Association.
